OWNERSHIP/ADVISORY HISTORY

Campbell Wealth Advisors, LLC ("We") was founded as a Florida Limited Liability Company in May 2019 by Stuart Campbell. We began as a Minnesota Limited Liability Company in January 2016, but redomiciled as a Florida Limited Liability Company in May 2019. We also became registered as an investment adviser in October 2019. Mr. Campbell is our Managing Member and Chief Compliance Officer. Additional information about Mr. Campbell can be found under Item 19 along with his attached Supplemental Brochure.

ADVISORY SERVICES OFFERED

FINANCIAL PLANNING SERVICES

We offer a variety of financial planning services that include general financial planning, comprehensive financial planning and Canada – US cross-border financial planning.

GENERAL FINANCIAL PLANNING

Our general financial planning service involves a review of your financial situation, goals and risk tolerance. Through a series of personal interviews and the use of client data questionnaires we will collect pertinent information to identify goals, objectives, financial problems, and potential solutions. With this information, we tailor a written financial plan and the advice we give to you. Our advice may cover any of the following topics: cash flow in retirement planning, social security analysis, insurance and long-term care analysis, tax planning strategies, retirement planning, 401k review, financial goal setting, risk management, college savings, and other needs identified during our meetings with you. You will receive a written financial plan following our meetings. Typically, our general financial planning is a single engagement relationship.

COMPREHENSIVE FINANCIAL PLANNING

We offer comprehensive financial planning as an ongoing service. The goal of this service is to ensure our clients have their personal financial affairs in order and on track for every one of their financial objectives within the first twelve months and a process to keep it that way.

The service is defined by the following client deliverables that encompass all areas of personal finance.

- (1) Written and digital Lifetime Financial Strategy – Through a series of initial interviews during our first 60 – 180 days of working together, we create a custom written and digital financial strategy.
- (2) Online client financial planning and data consolidation portal (Your RC portal) – We create a step-by-step plan of action describing every action item required to keep you on track with your financial plan over the years.

- (3) Ongoing Progress Reports – We provide online access to your client portal where you can track the progress toward your goals, progress since inception, and progress since our last meeting.
- (4) Asset, Investment, and Money Management – Through our comprehensive due diligence checklist, we monitor and track your third-party advisers' investment allocations, costs, quality of assets, and performance.
- (5) Ongoing Income Tax Planning – Before the end of the tax year, we conduct income tax planning with you, then work with your CPA, EU, Attorney to execute their tax advice.
- (6) Income Tax Review and On-Time Filing – We review your tax documents and work with all subject matter experts to ensure your returns are filed on time and that no overlooked opportunities are missed.
- (7) Estate Planning – We will conduct an annual review of your estate plan. Also, every three to five years, we will work with your estate planning attorney ensuring your estate plan is current.
- (8) Annual Update of your Goals – We will update your client portal that covers lifetime capital projections, funding strategies, goal distribution, and any other financial goals that you have.
- (9) Cash Reserves and Debt Management – We make recommendations and work with you to establish plans for creating adequate cash reserves, debt elimination, and major purchases.
- (10) The Comprehensive Safety Review Exercise – We work with you to identify risks in your overall financial strategy and create a strategy to address each risk as part of your comprehensive financial strategy.

CROSS-BORDER FINANCIAL PLANNING

Cross border financial planning involves advising Canadians living in the United States on cross-border financial and wealth management issues. When we offer cross-border financial planning, we use a four-step strategy to create your plan. At every stage of the process, we educate and involve you to help make prudent financial decisions.

Our first step involves gathering facts during our initial discussion, which will include the following:

- We will learn about your financial holdings, United States and Canadian accounts, social and private pension benefits, stock ownership and estate plans. We also discuss your United States and Canadian immigration status, and long-term residency plans for you and your family members. We will also clarify your financial objectives and goals.
- We will provide guidance on how to obtain your detailed account documents and benefit statements, which are needed to develop your

comprehensive cross border financial plan. Our team then reviews these documents as well as benefit statements, tax returns, trust agreements and Insurance policies.

- We will communicate and coordinate with your other professional advisors such as cross-border tax specialists and attorneys and, if needed, refer you to specialists we work with.
- We will assist you in communicating with benefit providers such as private pension plans and government plan providers in order to clarify your entitlements.

Our second step involves analysis and plan development, which will include the following:

- Your current portfolio is reviewed, and Morningstar reports are completed for your United States and Canadian holdings.
- Social Security, Canada Pension and OAS benefits statements are reviewed to determine your eligibility and projected retirement benefits.
- We analyze your retirement accounts such as Canadian registered accounts, United States qualified and non-qualified accounts, pensions, stock options and deferred compensation. We adjust for currency difference, withholding tax, and tax preference incomes.
- All of this information becomes your "current plan scenario", which illustrates the probability of your current retirement income plan succeeding based on your financial objectives.
- Alternative financial plans are developed that test different strategies, i.e., the ideal time to redeem your Canadian registered accounts, the best age to collect social benefits, and how to coordinate redemptions to minimize taxes.

Our third step involves presentation of the analysis, plans and strategies, which will include the following:

- Due to the detailed nature of our planning, three or more meetings are generally required to allow us to review the plans and strategies with you.
- The first meeting is the presentation of your Social Benefit analysis, benefit projection reports and claiming strategies.
- During the next meeting, we review your RRSP / LIRA and other Canadian and US investment accounts. We then present a report and recommendations. This is your "current plan" and outcomes.
- During the last meeting, we review the various alternative plans and strategies, present you with your alternative plan to manage and maximize your cross-border investments so that you will achieve your financial goals and have a successful retirement.

Our fourth and final step is implementation, which will include the following:

- Once you are satisfied with the analysis and plans, we will assist you with the implementation of your strategies.

RECOMMENDATION OF THIRD-PARTY INVESTMENT ADVISERS AND SUB-ADVISERS

THIRD-PARTY INVESTMENT ADVISERS

We recommend and monitor third-party investment advisers ("Third-Party Advisers"). We may recommend one or more Third-Party Advisers to you. The recommendation will depend on your circumstances, goals and objectives, desired strategy, account size, risk tolerance, and other factors. We work with you to determine which Third-Party Adviser may be appropriate. You are never obligated to use a recommended Third-Party Adviser.

We review each Third-Party Adviser before making a recommendation to you. We consider the following factors during our review: fiduciary level advisor, fees, reputation, performance, financial strength, management, price, reporting capabilities, and your financial situation, goals, needs, and investment objectives. After our review, we will present you with one or more recommendations.

If you wish to proceed with our recommendation, we enter into a relationship with the recommended Third-Party Adviser. Under this relationship, the Third-Party Adviser is responsible for portfolio management, best execution, portfolio reporting, trading, trade error resolution, and custodian reconciliations. We maintain our relationship with you by monitoring the status of your accounts with the Third-Party Adviser, making recommendations about the Third-Party Adviser, typically meeting with you either in person or by telephone on an annual basis, and acting as your primary financial adviser. You should direct all questions regarding the Third-Party Adviser's services and performance to us.

If you are referred to a Third-Party Adviser, you will receive full disclosure, including services rendered and fee schedules, at the time of the referral by delivery of a copy of the relevant Third-Party Adviser's Form ADV Part 2A or equivalent disclosure document before receiving investment advisory services from the Third-Party Adviser. The Third-Party Adviser offers separate services that are outlined in its ADV Part 2A.

SUB-ADVISERS

For our cross-border financial planning clients who hold Canadian retirement accounts, we may recommend one or more Canadian portfolio management firms ("Portfolio Managers") to you. The recommendation will depend on your circumstances, goals and objectives, desired strategy, account size, risk tolerance, and other factors. We work with you to determine which Portfolio Manager may be appropriate. You are never obligated to use a recommended Portfolio Manager.

We review each Portfolio Manager before making a recommendation to you. We consider the following factors during our review: fiduciary level advisor, fees,

reputation, performance, financial strength, management, price, reporting capabilities, US resident compliant separate managed accounts, and your financial situation, goals, needs, and investment objectives. After our review, we will present you with one or more recommendations.

If you wish to proceed with our recommendation, we will place you in contact with the recommended Portfolio Manager, who will be responsible for completing all necessary account setup and providing investment advice regarding your Canadian retirement accounts. You should direct all questions regarding the Portfolio Manager's services and performance to the Portfolio Manager.

TAILORED SERVICES

We document your goals and objectives before any investing takes place. You may impose restrictions on investing in certain securities or types of securities.

WRAP PROGRAM

We do not sponsor a wrap program.

CLIENT ASSETS MANAGED

We don't manage client assets. All assets are management by third party advisors.

Item 5 – Fees and Compensation

GENERAL FINANCIAL PLANNING

Our general financial planning services are offered on a fixed fee basis; the fixed fee ranges from \$5,000 to \$50,000 depending on the nature and complexity of your circumstances and the number of areas covered in the plan. Your financial planning agreement will show you what you will be charged to complete the scope of services defined in the agreement. We will collect the first half of the agreed-upon fee upon engagement and the remaining half is due upon delivery of the written financial plan. The fee is negotiable and may be waived for clients with managed investment accounts in excess of \$500,000.

COMPREHENSIVE AND CROSS-BORDER FINANCIAL PLANNING SERVICES

Our comprehensive and cross-border financial planning services are offered on an annual fixed fee basis; the fixed fee ranges from \$5,000 to \$50,000 depending on the nature and complexity of your circumstances and the number of areas covered in the plan. Because this engagement is ongoing, we collect the fee on a monthly basis. Your financial planning agreement will show you what you will be charged to complete the scope of services defined in the agreement.

Both financial planning services can be paid by check, credit card or directly deducted from an account approved by the client.

TERMINATION OF FINANCIAL PLANNING SERVICES

You may terminate any service for any reason within the first five (5) business days

after signing an advisory contract, without any cost or penalty. Thereafter, the advisory contract may be terminated at any time by either party. To cancel the agreement, you must notify us in writing at Campbell Wealth Advisors, LLC, 1819 Main St., Suite 404, Sarasota, FL 34236. Upon written notice of termination, you will receive a prorated refund of any unearned fees based on the percentage of work completed.

RECOMMENDATION OF THIRD-PARTY INVESTMENT ADVISERS AND PORTFOLIO MANAGERS

We charge an annual management fee based on a percentage of assets under management in your account. Our annual fee ranges from 0.50% to 1.00%. The fee is negotiable and varies based on the size and number of accounts. The management fee is collected by the Third-Party Adviser or Portfolio Manager at the same time they collect their management fees. You will be asked to authorize them with ability to calculate and deduct our management fee directly from the account. The frequency at which the management fee is collected (monthly or quarterly, in advance) will vary with each Third-Party Adviser and Portfolio Manager. Their disclosure documents will disclose how often the management fee is collected.

Our management fee does not include the Third-Party Adviser or Portfolio Manager's fee, brokerage commissions, transaction fees, or other related costs and expenses that are incurred by you. You may incur certain charges imposed by custodians, brokers, Third-Party Advisers, Portfolio Managers, and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus. These charges, fees, and commissions are exclusive of and in addition to our fee and we will not receive any portion of these charges, fees, or commissions.

TERMINATION OF THIRD-PARTY INVESTMENT ADVISERS AND PORTFOLIO MANAGERS

You may terminate this service for any reason with the first five (5) business days after signing the contract without any cost or penalty. Thereafter, the contract may be terminated at any time by giving ten (10) days' written notice to Campbell Wealth Advisors, LLC, 1819 Main St., Suite 404, Sarasota, FL 34236, or you may contact the Third-Party Adviser or Portfolio Manager directly at the address located on its ADV Part 2A and Investment Management Agreement or, in the case of a Portfolio Manager, at the address provided in its disclosure documents. Upon written notice of termination, any prepaid fees will be prorated for the number of days, that services were rendered during the termination billing period.

OTHER SECURITIES COMPENSATION

We do not receive any additional securities compensation. The item is not applicable.

RETIREMENT ROLLOVER CONFLICTS OF INTEREST

When we recommend you rollover a retirement account for a third-party adviser to manage, this creates a financial incentive because they charge a fee for their services. Both us and the third party adviser attempt to mitigate the conflict of interest by acting in your best interest and applying an impartial conduct standard to all rollovers. Please note that you are not under any obligation to roll over a retirement account to an account managed by us or our selected third party adviser.

Item 6 – Performance-Based Fees and Side by Side Management

We do not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of your assets) or provide side by side management.

Item 7 – Types of Clients

We offer our services to individuals, high net worth individuals, corporations and other business entities, and pension and profit-sharing plans. We do not require a minimum account size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS AND INVESTMENT STRATEGIES

With respect to our Recommendation of Third-Party Adviser services, we attempt to match our client's individualized needs, goals and objectives with the Third-Party Adviser's method of investment analysis and investment strategies. Please refer to the Third-Party Adviser's ADV Part 2A – Item 8.A. for a full description of the Third-Party Adviser's Methods of Analysis and Investment Strategies.

INVESTMENT RISKS

All investment programs have certain risks that are born by you and **investing in securities involves risk of loss that you should be prepared to bear**. Our goal is to reduce the risk of loss, but not at the expense of portfolio growth. A recommended Third-Party Adviser's investment strategies seek to balance risks and rewards to achieve your investment objectives. You should feel free to ask us questions about risks that you do not understand.

RECOMMENDED SECURITIES

We do not recommend securities to clients. However, the Third-Party Advisers do make recommendations. While not an exhaustive list most Third-Party Advisers use equities (stocks), exchanges traded funds, mutual funds and bonds. Risk associated with these types of securities include:

- **Credit Risk:** This is the risk that an issuer of a bond could suffer an adverse change in financial condition that results in a payment default, security downgrade, or inability to meet a financial obligation.
- **Inflation Risk:** This is the risk that inflation will undermine the performance of an investment or the future purchasing power of your assets.
- **Interest Rate Risk:** The chance that bond prices overall will decline because of rising interest rates.
- **International Investing Risk:** Investing in the securities of non-U.S. companies involves special risks not typically associated with investing in U.S. companies. Foreign securities tend to be more volatile and less liquid than investments in U.S. securities, and may lose value because of adverse political, social, or economic developments overseas or due to changes in the exchange rates between foreign currencies and the U.S. dollar. In addition, foreign investments are subject to settlement practices, as well as regulatory and financial reporting standards, that differ from those of the U.S.
- **Liquidity Risk:** Liquidity risk exists when particular investments are difficult to purchase or sell, possibly preventing the ability to sell those illiquid securities at an advantageous time or price, or possibly requiring you to dispose of other investments at unfavorable times or prices in order to satisfy your obligations.
- **Manager Risk:** The chance that the proportions allocated to the various securities will cause your account to underperform relevant to benchmarks or other accounts with a similar investment objective.
- **Stock market risk:** The chance that stock prices overall will decline. Stock markets tend to move in cycles, with periods of rising stock prices and periods of falling stock prices.

Item 9 – Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of each supervised person providing investment advice. We do not have information applicable to this item.

Item 10 – Other Financial Industry Activities and Affiliations

BROKER DEALER AFFILIATION

We are not affiliated with a broker-dealer.

FUTURES/COMMODITIES FIRM AFFILIATION

We are not affiliated with a futures or commodities broker.

OTHER INDUSTRY AFFILIATIONS

Our owner, Mr. Campbell, is a licensed insurance agent. He may recommend the purchase of insurance products. This other business activity pays Mr. Campbell commissions that are separate from the fees describe in Item 5 above. This is a conflict of interest because the commissions give him a financial incentive to recommend and sell you insurance products. However, Mr. Campbell attempts to mitigate any conflicts of interest to the best of his ability by placing your interests ahead of his own and by implementing policies and procedures that address the conflict. Additionally, you are informed that you always have the right to choose whether to act on the recommendation and you have the right to purchase recommended insurance through any licensed insurance agent.

Campbell Wealth Advisors, LLC is a co-owner of RM Investment Strategies, LLC, ("RM") a registered investment adviser. RM acts as a sub-adviser to some of Campbell Wealth Advisors portfolios. Mr. Campbell is the CEO of RM. This is a conflict of interest because the fees give him a financial incentive to recommend the services of RM to the firm's clients. However, Mr. Campbell attempts to mitigate any conflicts of interest to the best of his ability by placing your interests ahead of his own and by implementing policies and procedures that address the conflict. Additionally, you are informed that you always have the right to choose whether to act on the recommendation and you have the right to use other advisory services through any investment adviser representatives or firms.

RECOMMENDATION AND SELECTION OF THIRD-PARTY INVESTMENT ADVISERS

We recommend the services of Third-Party Advisers. This information can be found under Items 4 and 5. We will ensure that a Third-Party Adviser is properly registered or exempt from registration in your state of residence before recommending that Third-Party Adviser to you.

Item 11 – Code of Ethics, Participation or Interest in Client Transaction and Personal Trading

DESCRIPTION

Our Code of Ethics establishes ideals for ethical conduct based upon fundamental principles of openness, integrity, honesty, and trust. We will provide a copy of our Code of Ethics to you and any prospective client upon request.

Our Code of Ethics covers all supervised persons, and it describes our high standard of business conduct and fiduciary duty to you. The Code of Ethics includes, among other things, provisions relating to the confidentiality of your information, a prohibition on insider trading, a prohibition on rumor mongering, restrictions on the acceptance of significant gifts and the reporting of certain gifts and business entertainment items, and personal securities trading procedures. All supervised persons must acknowledge the terms of the Code of Ethics annually or as amended.

MATERIAL INTEREST IN SECURITIES

We do not have a material interest in any securities.

INVESTING IN OR RECOMMENDING THE SAME SECURITIES

Our owner and associates may buy or sell for his own account the same securities at or about the same time that he recommends those securities or purchases them for your accounts. In this situation, a conflict of interest may exist because he can trade ahead of your trades. We mitigate any conflict of interest in two ways. First, our Code of Ethics requires employees to report personal securities transactions on at least a quarterly basis and provide us with a detailed summary of certain holdings (both initially upon commencement of employment and quarterly thereafter) in which employees have a direct or indirect beneficial interest. The reports are reviewed to ensure that we not trade ahead your accounts. Second, we require that your transactions be placed ahead of our associates' personal trades, or our associates can place personal trades as part of a block trade (please see Item 12 for details on our block trading practices). The records of all associates' personal trades and your trading activities are reviewed and made available to regulators to review on the premises.

Item 12 – Brokerage Practices

RECOMMENDATION CRITERIA

We do not maintain custody of your assets on which we advise, although we may be deemed to have custody of your assets if you give us authority to withdraw assets from your account (see Item 15—Custody, below). Your assets must be maintained in an account at a “qualified custodian,” generally a broker-dealer or bank. We recommend that our clients use Charles Schwab & Co., Inc. (Schwab), a registered broker-dealer, member SIPC, as the qualified custodian. We are independently owned and operated and are not affiliated with Schwab. Schwab will hold your assets in a brokerage account and buy and sell securities when [we/you] instruct them to. While we recommend that you use Schwab as custodian/ broker, you will decide whether to do so and will open your account with Schwab by entering into an account agreement directly with them. Conflicts of interest associated with this arrangement are described below as well as in Item 14 (Client referrals and other compensation). You should consider these conflicts of interest when selecting your custodian. We do not open the account for you, although we may assist you in doing so. Even though your account is maintained at Schwab, and we anticipate that most trades will be executed through Schwab, we can still use other brokers to execute trades for your account as described below (see “Your brokerage and custody costs”). For brokerage, and custodian recommendations handled by sub-advisers or Third-Party Advisers, please refer to the recommended sub-adviser or Third-Party Adviser's ADV Part 2A, Item 12 for additional information.

HOW WE SELECT BROKERS/CUSTODIANS

We recommend Schwab, a custodian/ broker, to hold your assets and execute transactions. When considering whether the terms that Schwab provides are, overall, most advantageous to you when compared with other available providers and their services, we take into account a wide range of factors, including:

- Combination of transaction execution services and asset custody services generally without a separate fee for custody)
- Capability to execute, clear, and settle trades (buy and sell securities for your account)
- Capability to facilitate transfers and payments to and from accounts (wire transfers, check requests, bill payment, etc.)
- Breadth of available investment products (stocks, bonds, mutual funds, exchange-traded funds (ETFs), etc.)
- Availability of investment research and tools that assist us in making investment decisions
- Quality of services
- Competitiveness of the price of those services (commission rates, margin interest rates, other fees, etc.) and willingness to negotiate the prices
- Reputation, financial strength, security, and stability
- Prior service to us and our clients
- Services delivered or paid for by Schwab
- Availability of other products and services that benefit us, as discussed below (see "Products and services available to us from Schwab")

YOUR BROKERAGE AND CUSTODY COSTS

For our clients' accounts that Schwab maintains, Schwab generally does not charge you separately for custody services but is compensated by charging you commissions or other fees on trades that it executes or that settle into your Schwab account. Certain trades (for example, mutual funds and ETFs) do not incur Schwab commissions or transaction fees. Schwab is also compensated by earning interest on the uninvested cash in your account in Schwab's Cash features Program.

These fees are in addition to the commissions or other compensation you pay the executing broker-dealer. Because of this, in order to minimize your trading costs, we have Schwab execute most trades for your account. We are not required to select the broker or dealer that charges the lowest transaction cost, even if that broker provides execution quality comparable to other brokers or dealers. Although we are not required to execute all trades through Schwab, we have

determined that having Schwab execute most trades is consistent with our duty to seek "best execution" of your trades. Best execution means the most favorable terms for a transaction based on all relevant factors, including those listed above (see "How we select brokers/custodians").

By using another broker or dealer you may pay lower transaction costs.

PRODUCTS AND SERVICES AVAILABLE TO US FROM SCHWAB

Schwab Advisor Services™ is Schwab's business serving independent investment advisory firms like us. They provide our clients and us with access to their institutional brokerage services (trading, custody, reporting and related services), many of which are not typically available to Schwab retail customers. However, certain retail investors may be able to get institutional brokerage services from Schwab without going through us. Schwab also makes available various support services. Some of those services help us manage or administer our clients' accounts, while others help us manage and grow our business. Schwab's support services are generally available on an unsolicited basis (we don't have to request them) and at no charge to us. Following is a more detailed description of Schwab's support services:

Services that Benefit You

Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab's services described in this paragraph generally benefit you and your account.

Services that do not Directly Benefit You.

Schwab also makes available to us other products and services that benefit us but do not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts and operating our firm. They include investment research, both Schwab's own and that of third parties. We use this research to service all or a substantial number of our clients' accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that:

- provide access to client account data (such as duplicate trade confirmations and account statements)
- facilitate trade execution and allocate aggregated trade orders for multiple client accounts
- provide pricing and other market data

- facilitate payment of our fees from our clients' accounts
- assist with back-office functions, recordkeeping, and client reporting

Services that generally benefit only us. Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- Educational conferences and events
- Consulting on technology and business needs
- Consulting on legal and compliance related needs
- Publications and conferences on practice management and business succession
- Access to employee benefits providers, human capital consultants, and insurance providers
- Marketing consulting and support

Schwab provides some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Schwab also discounts or waives its fees for some of these services or pays all or a part of a third party's fees. If you did not maintain your account with Schwab, we would be required to pay for those services from our own resources.

Our interest in Schwab's services

The availability of these services from Schwab benefits us because we do not have to produce or purchase them. We don't have to pay for Schwab's services.

Schwab has also agreed to pay for certain technology, research, marketing, and compliance consulting products and services on our behalf. These services are not contingent upon us committing any specific amount of business to Schwab in trading commissions or assets in custody. The fact that we receive these benefits from Schwab is an incentive for us to recommend the use of Schwab rather than making such a decision based exclusively on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is potentially a conflict of interest. We believe, however, that taken in the aggregate of our recommendation of Schwab as custodian and broker is in the best interests of our clients. Our selection is primarily supported by the scope, quality, and price of Schwab's services (see "How we select brokers/ custodians") and not Schwab's services that benefit only us.

Beginning in August of 2020 through August 2021, clients that transfer their accounts to Schwab are eligible for a reimbursement of Transfer of Account Exit Fees for an approximate value not to exceed \$7,800.

TRADE AGGREGATION

All trades are conducted by a sub-adviser or Third-Party Adviser. Please refer to the recommended sub-adviser or Third-Party Adviser's ADV Part 2A, Item 12 for additional information.

Item 13 – Review of Accounts

PERIODIC REVIEWS

General financial planning services are single engagement services and involve, at a minimum, three to six meetings to complete your written financial plan. For our comprehensive ongoing financial planning services, Mr. Campbell will meet with you either in person or by telephone at a minimum of one to two times per year.

For our clients with Third-Party Advisers, Mr. Campbell will review your accounts at least quarterly. He will also attempt to meet with you annually either in person or by telephone.

OTHER REVIEWS

Additional reviews are conducted periodically depending on market conditions, economic, or political events, or by changes in your financial situation (such as retirement, termination of employment, physical move, or inheritance).

REPORTS

You will receive at least quarterly account-statements from the account's custodian. Third-Party Advisers may send their own quarterly statements in addition to the custodian's statement.

Item 14 – Client Referrals and Other Compensation

OTHER COMPENSATION

We receive an economic benefit from Schwab in the form of the support products and services it makes available to us and other independent investment advisors whose clients maintain their accounts at Schwab. You do not pay more for assets maintained at Schwab as a result of these arrangements. However, we benefit from the arrangement because the cost of these services would otherwise be borne directly by us. You should consider these conflicts of interest when selecting a custodian. The products and services provided by Schwab, how they benefit us, and the related conflicts of interest are described above (see Item 12 – Brokerage Practices).

CLIENT REFERRALS

We do not pay for client referrals or use solicitors.

Item 15 – Custody

Under government regulations, we are deemed to have custody of your assets if, for example, you authorize us to instruct Schwab to deduct our advisory fees directly from your account, or if you grant us authority to move your money to another person's account. Schwab maintains actual custody of your assets. You will receive account statements directly from Schwab at least quarterly. They will be sent to the email or postal mailing address you provided to Schwab. You should carefully review those statements promptly when you receive them. We also urge you to compare Schwab's account statements with the periodic portfolio reports you will receive from us.

Item 16 – Investment Discretion

We offer non-discretionary management services. With non-discretionary management services, you retain full discretion to supervise, manage, and direct the assets of the account. We will make recommendations on how the account should be managed. Trades will only be placed after we receive your permission. You will be free to manage the account with or without our recommendation and all with or without our prior consultation.

Item 17 – Voting Client Securities

We do not vote proxy votes for any client. All proxy materials are mailed or emailed directly to you from the account's custodian. Any proxy materials received by us will be forwarded to you for response and voting. In the event you have a question about a proxy solicitation, feel free to contact us.

Item 18 – Financial Information

BALANCE SHEET

We do not require or solicit prepayment of more than \$500 in fees per client, six months or more in advance. Therefore, we are not required to provide a balance sheet.

FINANCIAL CONDITION

We are required in this Item to provide you with certain financial information or disclosures about our financial condition if we have a financial commitment that impairs our ability to service you. We do not have a financial commitment that impairs our ability to service you.

BANKRUPTCY

We have not been the subject of a bankruptcy proceeding.

Item 19 – Requirements for State-Registered Advisers

We have one principal executive officer, Stuart Campbell ("Mr. Campbell"). Mr. Campbell's biographical information is provided in the attached Brochure Supplements.

Mr. Campbell is required to disclose additional information if he has other business activities. He is a licensed insurance agent and may receive commissions for the sale of insurance products. Additionally, he is the CEO of RM Investment Strategies, LLC. These activities and any conflicts of interest associated with these activities are discussed in Item 10 of this brochure and his brochure supplement.

Mr. Campbell is also required to disclose additional information if he receives performance-based fees, has any relationship or arrangement with an issuer of securities, or was ever found liable in an arbitration, civil, self-regulatory organization, or administrative proceeding. Mr. Campbell does not have any information to report on these topics because none of these apply to him.
